

# Happy 1st Birthday Mesh!

The online space for community engagement (CE) with health research in low and middle income countries

## What has Mesh achieved so far?

- Created a repository of 67 guides, tools, reports and papers to help develop the CE field
- Built an active network with over 2,600 users from 121 countries
- Created and released unique online tools such as the Evaluation Map and the Mesh Guide to Funding CE

### Project Reports

Creating reports to showcase learning from CE projects

17

Reports created have been viewed

1,071

times

### Tools and Academic Literature

Compiling guides, tools and academic literature on CE

522

Views of the literature

1,031

Visits to Guides & Tools

### Training and e-Learning

Signposting to opportunities worldwide

412

Visits to the e-Learning page

### Creating Materials

Mesh creates new resources and guides for CE

Introductions to Evaluation: 562 Visits

Evaluation Map: 434 Visits

Funding Guide: 282 Visits

"MESH is an invaluable source of information."

"The site is very intuitive and easy to navigate. There is a lot of useful information."
